# ImagePro 9017 Video/Cinema/Data DILA Projector

## A new set of options for the future

The Dukane ImagePro 9017 is the professional projector that combines the color accuracy, image quality, and resolution needed when a truly outstanding viewing event is required. From small fonts to high resolution graphics, computer images can be projected in a form that compares to the best monitors.

In addition, video images including all forms of HDTV can be displayed in superb color, contrast, and resolution. A compact size and exceptional feature set make this the ideal projector for technical applications such as training, board-rooms, seminars, or an outstanding home theater.

### Key features:

- True SXGA+ Resolution (1400 x 1050)
- DILA Technology for film like images
- Excellent Color Fidelity matches your source
- Third generation scaling and deinterlacer to provide the perfect image
- 1500 ANSI lumens at 800 to1 contrast
- Compatible with all video, including HDTV, plus computer images
- Portable and compact at only 13 lbs.
- "Custom Image" for your startup and blank screens
- "Silent Running" so you hear only your message
- Vertical and horizontal keystone correction
- New 2000 hour lamp life
- Multiple inputs for maximum flexibility
